INDOT PRESENTATION

Software Engineering Excellence

ABOUT US

- We are a software development company based in Greece, found in 2021
- Since then we have grown into a trusted software engineering partner for European and government organizations
- We are certified under ISO 9001 and ISO 27001
- Our mission is to drive digital transformation through technical excellence, agile collaboration and unwavering commitment to quality and data security

OUR EXPERTISE

We provide full-cycle software development and consulting services, covering every stage from concept to deployment.

- Front-end & Back-end Development (Angular, Java, Spring Boot)
- API & Cloud Integrations (AWS, Azure, GCP)
- Agile Development Practices
- Data Management & Visualization Solutions
- Software Quality Management Practices
- Cybersecurity Compliance

TOPICS OF INTEREST

Indot is interested in joining consortia addressing innovation and digitalization challenges in the following areas:

- Digital Transformation & Interoperable Public Services
- Smart Energy Systems & Environmental Monitoring
- Secure Digital Platforms for Finance & Industry
- AI, IoT & Data-Driven Optimization for Maritime and Transport

POTENTIAL ROLE IN A CONSORTIUM

Technical partner providing:

- Software development, integration, and maintenance
- UI/UX design and implementation
- Platform architecture and cloud deployment
- Security and data protection compliance

Thank you for your time.
We look forward to exploring potential collaborations with you!
